## Advertising Strategies

The important thing that unlocks the gross sales potential of your book is to discover a single sentence that turns into your promoting handle. Then remember to use that sentence in each piece of sales and promotional materials, and every time anyone asks you about your ebook.

Apart from selling your books assiduously on-line, there are several different methods that can enable you to sell more books.

One is to present something away for free together with your guide, resembling a valuable bonus item. Or bundle a number of ebooks below one price, which lowers the worth for each e-book if they have been offered separately.

An effective technique for determining a price is to send out a survey to your current customers. If these prospects have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by creating a gross sales page for the new e book, but do not embrace a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with different prices on every page. Make sure your sales copy is precisely the similar on every page, and includes your selling-deal with sentence. Then determine for every page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum worth is.

In the end, when you've written a guide that solves a drawback or presents a new method, your e-book will usher in each site visitors and profits. So make sure to write that promoting-deal with sentence that sums up what downside your e book solves and what the advantages of your 1084 e-book can be to the purchasers who buy it.
