Another technique is to test out prices by making a number of duplicate gross sales pages with different costs on each page. Be sure your gross sales copy is strictly the same on every web page, and consists of your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum value is.

Finally, when you've written a book that solves a downside or presents a brand new method, your e book will usher in each site visitors and profits.
