The important thing that unlocks the sales potential of your book is to find a single sentence that becomes your selling handle. This sentence states what question or drawback your ebook answers and the advantages your e-book can provide. Then remember to use that sentence in each piece of gross

sales and promotional material, and every time anybody asks you about your ebook.

One is to present one thing away without cost along with your e-book, similar to a worthwhile bonus item. Or bundle several ebooks beneath one value, which lowers the worth for each ebook in the event that they had been offered separately.

An effective approach for determining a price is to ship out a survey to your current customers. If these customers have already bought an e book from you, ask for his or her opinion when it comes to price. Do that by making a sales web page for the new e book, but do not include a value on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out prices by creating a number of duplicate sales pages with totally different costs on each page. Make certain your gross sales copy is exactly the similar on every page, and contains your selling-deal with sentence. Then figure out for each page the conversion ratio between visitors to your web site and sales of your book. This may tell you what your optimum worth is.

Finally, for those who've written a e book that solves a problem or presents a brand new approach, your guide will usher in each traffic and profits.
