and promotional materials, and each time anyone asks you about your ebook.

One is to provide one thing away without cost together with your book, such as a precious bonus item. Or bundle several ebooks below one worth, which lowers the worth for every e book if they had been sold separately.

An effective method for figuring out a worth is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion in terms of price. Do this by creating a sales page for the new book, but don't include a worth on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out costs by creating a number of duplicate sales pages with totally different costs on each page. Be sure that your gross sales copy is exactly the similar on each page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This will inform you what your optimum value is.

Finally, when you've written a ebook that solves a problem or presents a brand new method, your book will herald both visitors and profits. So make sure you write that promoting-handle sentence that sums up what problem your e book solves and what the advantages of your 1240 book will probably be to the shoppers who purchase it.
