An efficient method for determining a price is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the brand new book, however do not embrace a worth on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out prices by making a number of duplicate sales pages with different costs on each page. Ensure that your sales copy is strictly the same on each page, and includes your

selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your web site and gross sales of your book. It will let you know what your optimum value is.

Ultimately, if you happen to've written a guide that solves a downside or presents a new method, your e-book will bring in both site visitors and profits. So you'll want to write that selling-deal with sentence that sums up what downside your book solves and what the benefits of your 1373 book can be to the shoppers who buy it.
