An efficient approach for figuring out a value is to send out a survey to your present customers. If these clients have already purchased an book from you, ask for their opinion in terms of price. Do that by making a gross sales web page for the new guide, however don't embrace a value on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to check out costs by making a number of duplicate gross sales pages with

different costs on every page. Ensure that your sales copy is strictly the similar on each page, and consists of your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum worth is.

In the end, for those who've written a guide that solves a problem or presents a brand new technique, your e book will usher in each site visitors and profits.
