One other strategy is to check out costs by making a number of duplicate sales pages with completely different prices on each page. Be sure your gross sales copy is precisely the identical on every

page, and includes your selling-deal with sentence. Then determine for every page the conversion ratio between visitors to your web site and gross sales of your book. This will tell you what your optimum price is.

Ultimately, if you've written a e-book that solves a drawback or presents a new method, your ebook will bring in both site visitors and profits.
