An effective method for figuring out a price is to ship out a survey to your present customers. If these customers have already bought an e-book from you, ask for their opinion by way of price. Do that by creating a gross sales page for the brand new e book, but do not embody a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out prices by creating a number of duplicate sales pages with totally different costs on every page. Ensure that your gross sales copy is exactly the identical on every page, and consists of your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum worth is.

Finally, in the event you've written a guide that solves a downside or presents a new method, your e-book will bring in both traffic and profits.
