But the truth that unites ebooks and print books is that they are composed of ideas. It is the ideas in these books which have the power to alter, or probably rework, people's lives.

The bottom line is to discover a price that maximizes your profits and the variety of books you sell.

This is an excellent pricing strategy in case you are trying to acquire lengthy-time period customers. Long-term customers are extraordinarily likely to purchase from you again and once more ?

as long as the primary book they buy is of distinctive quality and helpful to the customer.

After you determine your aim, it's essential to work out what your audience's need is on your ebook. For instance, does your ebook remedy a specific problem? Just be ready for your competition to undercut you on value as soon as they hear about your book.

Remember that the above pricing technique is temporary. Ultimately, you'll cease to promote books at this excessive price. So determine in advance how lengthy you plan to supply your ebook at this high worth, and when that time is up, change your pricing strategy.

If you wish to see large earnings over buyer draw, purpose for an audience that's on the lookout for easy solutions to their issues at a low price. In case your ebook is aimed toward solving one explicit downside moderately than common advice, then you possibly can charge more. Start at the

highest price the market will bear to usher in the largest earnings, and plan to low cost the ebook a number of occasions all through the year.

Advertising Strategies

One is to offer something away for free with your e book, comparable to a useful bonus item. Or bundle several ebooks underneath one price, which lowers the worth for each e book if they had been bought separately.

An effective method for determining a value is to ship out a survey to your current customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do that by making a sales page for the new e book, but do not embrace a value on that page.

As an alternative, add a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with completely different prices on each page. Be sure your gross sales copy is precisely the similar on each page, and contains your selling-deal with sentence. Then figure out for each page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum worth is.

Finally, in case you've written a guide that solves a downside or presents a brand new technique, your book will herald each traffic and profits.
