An efficient approach for figuring out a price is to send out a survey to your current customers. If these clients have already purchased an ebook from you, ask for their opinion by way of price. Do this by creating a gross sales web page for the brand new ebook, however do not include a price on that page. Be sure your sales copy is precisely the identical on each page, and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum worth is.

Finally, when you've written a e-book that solves a downside or presents a new technique, your book will bring in each traffic and profits.
