An efficient technique for figuring out a value is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the new guide, however do not embrace a value on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with completely different prices on each page. Be sure your gross sales copy is exactly the similar on every web page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and gross sales of your book. It will inform you what your optimum value is.

In the end, in case you've written a ebook that solves a drawback or presents a new technique, your guide will herald both visitors and profits. So make sure to write that promoting-deal with sentence that sums up what downside your e book solves and what the advantages of your 2060 book will be to the customers who purchase it.
