The key that unlocks the sales potential of your book is to discover a single sentence that turns into your selling handle. Another strategy is to test out costs by creating a variety of duplicate sales pages with totally different prices on every page. Be certain that your gross sales copy is strictly the identical on every page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and sales of your book. This will tell you what your optimum price is.

In the end, in case you've written a guide that solves a downside or presents a new technique, your
