One other strategy is to check out prices by making a variety of duplicate sales pages with completely different costs on each page. Make sure your sales copy is exactly the similar on every

web page, and consists of your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. This will inform you what your optimum worth is.

In the end, in the event you've written a e-book that solves a problem or presents a new approach, your book will herald both visitors and profits.
