An effective approach for determining a worth is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do that by making a sales web page for the new e book, but don't embody a price on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by making a variety of duplicate sales pages with completely different prices on each page. Ensure your gross sales copy is exactly the same on every page, and

consists of your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. It will inform you what your optimum price is.

Ultimately, should you've written a guide that solves a problem or presents a new technique, your book will herald both traffic and profits. So make sure you write that selling-deal with sentence that sums up what problem your e-book solves and what the advantages of your 2236 ebook shall be to the customers who buy it.
