One is to provide one thing away without spending a dime together with your e book, corresponding to a useful bonus item. Or bundle several ebooks under one price, which lowers the worth for each book if they were bought separately.

An efficient approach for figuring out a value is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion in terms of price. Do this by making a sales page for the new book, but don't embody a price on that page.
