Take into account that the above pricing technique is temporary. Finally, you'll stop to promote books at this high price. So determine upfront how long you plan to supply your e-book at this excessive worth, and when that point is up, change your pricing strategy.

If you want to see large earnings over customer draw, intention for an audience that's in search of straightforward options to their problems at a low price. In case your guide is geared toward solving one explicit downside rather than general recommendation, then you'll be able to charge more. Begin on the highest value the market will bear to usher in the largest earnings, and plan to discount the book a number of times all through the year.
