One is to present one thing away free of charge with your guide, resembling a beneficial bonus item. Or bundle a number of ebooks below one worth, which lowers the value for each book in the event that they were sold separately.

An effective technique for determining a worth is to ship out a survey to your present customers. If these customers have already bought an book from you, ask for their opinion in terms of price. Do this by creating a sales page for the new e-book, however don't include a price on that page. Instead, add a variety of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out prices by creating a number of duplicate sales pages with different prices on every page. Be sure that your sales copy is precisely the same on every web page, and contains your promoting-deal with sentence. Then determine for every web page the conversion ratio between guests to your site and sales of your book. This will tell you what your optimum price is.
