An effective approach for figuring out a value is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for his or her opinion by way of price. Do that by creating a sales page for the new book, but do not include a value on that page. Another technique is to check out prices by making a variety of duplicate sales pages with totally different costs on every page. Ensure that your sales copy is precisely the similar on each page, and contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum price is.
