The key that unlocks the sales potential of your book is to find a single sentence that becomes your promoting handle. This sentence states what query or problem your e-book solutions and the advantages your e-book can provide. Then you'll want to use that sentence in every piece of gross

sales and promotional material, and every time anyone asks you about your ebook.

An effective technique for figuring out a value is to ship out a survey to your current customers. If these customers have already bought an e book from you, ask for their opinion by way of price. Do that by making a gross sales page for the brand new e-book, however do not include a value on that page. Instead, add various links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to check out costs by creating a variety of duplicate gross sales pages with different costs on every page. Make sure your gross sales copy is precisely the identical on every page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your website and sales of your book. This will tell you what your optimum price is.

Finally, in case you've written a e book that solves a problem or presents a new method, your ebook will usher in both traffic and profits.
