Another strategy is to check out prices by creating a variety of duplicate sales pages with completely different costs on every page. Make sure your sales copy is strictly the identical on

each web page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum worth is.

Finally, when you've written a ebook that solves a drawback or presents a new technique, your e-book will herald both site visitors and profits.
