and promotional materials, and every time anybody asks you about your ebook.

An effective approach for figuring out a worth is to ship out a survey to your present customers. If these prospects have already bought an ebook from you, ask for their opinion by way of price. Do that by creating a sales web page for the brand new guide, but don't embrace a value on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to test out costs by creating a number of duplicate gross sales pages with different prices on every page. Ensure that your sales copy is exactly the same on each web page, and includes your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your web site and gross sales of your book. This will inform you what your optimum price is.

Ultimately, if you happen to've written a book that solves a problem or presents a new approach, your guide will usher in each site visitors and profits. So you'll want to write that promoting-handle sentence that sums up what drawback your guide solves and what the advantages of your 532 e book can be to the customers who purchase it. After which watch your market come to you!
