An effective approach for figuring out a worth is to send out a survey to your current customers. If these clients have already bought an book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the new book, but do not embody a value on that page. Instead, add various links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out prices by creating a number of duplicate gross sales pages with completely different prices on each page. Ensure your gross sales copy is exactly the identical on every web page, and includes your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and gross sales of your book. It will let you know what your optimum value is.

Ultimately, when you've written a e-book that solves a problem or presents a brand new approach, your e-book will bring in both site visitors and profits.
