Another strategy is to check out prices by making a number of duplicate gross sales pages with different costs on each page. Make sure your gross sales copy is precisely the similar on every web

page, and consists of your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your web site and gross sales of your book. This can inform you what your optimum price is.

Ultimately, should you've written a ebook that solves a drawback or presents a brand new method, your ebook will bring in both traffic and profits.
